11 — Digital Product Creation & Sales

Nigeria-first practical guide · 2026

Selar · Gumroad · Paystack · Create once, sell repeatedly

How to create and sell ebooks, templates, planners, mini-courses and Notion systems from Nigeria with ■0–low capital. Focus on Selar (naira payments) plus simple global options.

1. What This Hustle Is

You create a digital file or system once (ebook, Canva template pack, Notion dashboard, checklist, short course, swipe file) and sell it unlimited times. No inventory, no shipping, almost pure margin after platform fees. In Nigeria the primary marketplace is Selar. You can also sell via Gumroad, your own Paystack link, or WhatsApp.

2. Realistic Earnings 2026

Stage	Products	Monthly range	Notes
First sales	1–2 simple products	■20k–■80k	WhatsApp + Selar
Consistent	3–5 products	■100k–■350k	Content + email/list
Established	Product suite + course	■400k–■1.5m+	Audience + affiliates

3. Best Starting Products for Nigerians

- Short practical ebook / guide (15–40 pages) on a painful problem you understand
- Canva template packs (Instagram carousels, flyers, pitch decks, CV templates)
- Notion systems (content calendar, student planner, small-business tracker)
- Checklists & swipe files (outreach messages, content ideas, launch checklists)
- Mini-course or workshop recording (Zoom + simple PDF workbook)
- Planners / trackers (finance, exam, content, habit)

4. Exact Setup on Selar (Primary Path)

1. Create free Selar account at selar.co and complete your profile + bank details for payouts.
2. Create the product (Google Docs / Canva / Notion → export PDF or shareable link).
3. Upload on Selar: clear title, benefit-focused description, cover image, price in naira.
4. Set affiliate commission (20–50%) if you want others to promote for you.
5. Share your Selar product link via WhatsApp Status, Broadcast, TikTok bio, Instagram bio.
6. Payouts go to your Nigerian bank after the platform's holding period.

5. Pricing Guidance

- Simple template pack or checklist: ■1,500–■5,000
- Practical ebook / guide: ■3,000–■12,000
- Notion system or premium template: ■5,000–■15,000
- Mini-course / workshop: ■10,000–■50,000+

Start lower to collect reviews and testimonials, then raise price. Value and clarity beat cheapness.

6. How to Get the First 20 Sales

- Post a 3-day WhatsApp Status sequence that shows the problem → the solution inside your product → the link.
- Offer a small bonus (extra checklist or short video) for the first 10 buyers.
- Ask every buyer for a short testimonial and permission to share it.
- Turn buyers into affiliates by giving them a commission link.
- Create one short TikTok/Reel demonstrating a page or template from the product.

7. Sample WhatsApp Status Sequence

Day 1: "Most people know they need a system for [problem] but they keep using random notes. I built a simple ready-to-use version."

Day 2: "Here is one page from the system I use / I made for [audience]. It takes 5 minutes to set up."

Day 3: "If you want the full version (with the extra templates), the link is here. Instant download after payment on Selar."

8. Common Mistakes

- Creating a 100-page ebook before validating demand with a short product.
- Pricing so low that people assume the product is low quality.
- No clear cover image or benefit-driven title.
- Launching and then going silent — products need ongoing promotion.
- Ignoring affiliates (other people can sell for you).

9. 30-Day Path

Week 1: Choose one narrow problem, create a simple PDF or template pack, set up Selar.

Week 2: Launch with WhatsApp Status + 10–20 direct messages to people who might need it. Collect first sales and testimonials.

Week 3–4: Improve the product from feedback, raise price slightly, enable affiliates, create one short video promo.

Month 2+: Add a second related product (upsell) and start building a small email or Broadcast list.

10. Action Checklist

- Selar account created and bank details added

- One simple digital product finished (PDF or templates)
- Clear cover + benefit title + price set on Selar
- 3-day Status sequence written
- First 5–10 sales goal and testimonial request plan ready
